

Dear Guest,

Beekse Bergen commits itself to make sure you spend a great holiday with us. Obviously, the quality of your accommodation is key in that respect. It goes without saying that we try our utmost to ensure that our accommodations live up to the expectations of our guests.

However, if you discover a defect in the accommodation or if the cleaning is not up to your standards - in spite of our efforts - please inform the reception desk of your concerns asap, but ultimately on your arrival date. You can contact the reception desk on tel. 0031 (0)88-9000323, and we will try to solve this asap for you.

Please note the following formal matters that apply during and after your stay.

We kindly request you to take care of the following before you leave:

- Leave your waste in one of the recycling centres at the holiday park or resort;
- Strip your beds and put the bed linen in a pillow cover in the hallway;
- Clean the kitchen utensils and empty the dishwasher;
- For the accommodations at Vakantiepark Beekse Bergen you can hand in the key at the reception, porter or stop in the key depot at the outgoing barrier;
- Make sure the refrigerator is clean;
- Sweep the floors clean.

Deposit

As principal booker, you paid a deposit upon booking. In case of damage caused by you or your party, Beekse Bergen may withhold the damages from the deposit. If no damage was discovered or if a sum remains after damage deduction, the full or remaining deposit will be returned by bank transfer into the principal booker's account.

What does 'damage' mean?

Our procedure pertains to 'damage' in the broadest sense that is caused by or attributable to our guests. This does at least include: damage to, in and around the accommodation, damage to the inventory of the accommodation, damage to other property in the park and/or extra cleaning costs. Smoking is also not allowed in the accommodation.

What to do in case of damage?

The damage that was caused by you or your party must be compensated immediately and on the spot, unless you and your co-travellers are able to demonstrate that the damage cannot be blamed on you or any third party that was present with consent from Beekse Bergen. If the full or partial scope of the damage cannot be assessed immediately, Beekse Bergen will draw up an invoice. This invoice must be paid within 21 days of its receipt. If you omit to report damage caused during your stay, we will assume that any damage that was discovered within 72 hours after your departure was caused by your party. If you do not agree to this rule, you must report this upon arrival at the reception desk of Beekse Bergen, so we can plan a joint final inspection before you leave.

Additional information

If the damage exceeds the deposit sum, Beekse Bergen reserves the right to claim the excess. You must pay the sum due to us within 21 days.

We are entitled to deviate from the above procedure.

We wish you a pleasant stay in our park!

Kind regards
Beekse Bergen Board of Directors
